TO THE TRADE.

IN presenting our price list to the trade we feel sure that we are quoting the best goods ever manufactured at the lowest possible price.

We manufacture two grades of goods and they are the best and most durable goods on the market. They are made of the very best of sheetings, strongly and carefully sewed by experienced women, and oiled with the best of Calcutta oil, by hands of many years' experience.

Our first quality is our **Mother Ann Brand**, and is an extra quality, and is made up both in double and patched. This brand we can and do guarantee to be the best there is made. The origin of this brand you will find on page 2.

Our second quality is the famous **Anchor Brand** and is only made up in the double. These goods are equal to the first grade of other manufacturers and we ask your comparison.

All of our goods are made in Gloucester, Mass., and are the only Genuine Cape Ann Oiled Clothing manufactured.

We solicit the favor of your patronage and guarantee prompt shipment.

Respectfully yours,

JOSEPH H. ROWE & CO.

JOSEPH H. ROWE.
EDWARD W. SWAN.

“MOTHER ANN.”

In A. D. 1892, Gloucester upon Cape Ann, State of Massachusetts, U. S. of America, celebrated the two hundred and fiftieth anniversary of its incorporation, during which was discovered a natural curiosity formed out of the granite ledges of Cape Ann, crowning the entrance of its beautiful harbor at the end of Eastern Point.

It is that of a full length reclining figure of an aged woman, which the discoverer called the mother of Cape Ann, and named it “Mother Ann.”

Probably since the creation of the world, before Columbus became a discoverer, before Capt. John Smith visited our headland, and before Prince Charles named it “Cape Ann” in honor of his mother, Princess Ann of Denmark, she has been wooed by Father Neptune with calm caresses, or with the wild impetuous dash of his stormy moods deluging her in his wrath with old ocean’s roaring seas.

Yet, there she has reclined unmoved by his advances, dashing back its angry seas with impervious dignity, and however wearing his advances may have been, she shows no signs that the surface covering her stony heart has ever been penetrated.

The worth of “Mother Ann,” in a business light, has been appreciated upon this year, the fourth hundredth anniversary of the discovery of America, by Joseph H. Rowe & Co., manufacturers of oiled clothing at Gloucester, who have incorporated it as a trade mark for their new and best brand of waterproof clothing, and while not reclaiming the repelling imperviousness of “Mother Ann” they do claim that its imperviousness to water and durable qualities are not excelled by any other brand on the market.

The needs of the mariner and fisherman caused the introduction of waterproof clothing to the world, and it was eminently fitting that celebrations at the World’s Fair in a building devoted to the fisheries, and in the exhibit at Gloucester, Cape Ann, the representative fishing port of America, should be the proper time and place to introduce this new and appropriate brand of waterproof clothing.

“Mother Ann Brand.”

FANCY LONG COAT.

BLACK AND YELLOW.

This coat is made with epaulettes, patch on sleeve, elastic inside sleeve, weather piece and patent zinc button. Length 54 to 60 inches. These goods are made in all grades.
